# BIG RIFFS. TEXAS GROOVE, ONE UNMISTAKABLE CATALOGUE.

Thunderbird brings the music, look and attitude of ZZ Top to the stage in a dedicated 90-minute concert performed by three experienced Maritime musicians.

From La Grange, Sharp Dressed Man and Tush to Gimme All Your Lovin', Cheap Sunglasses, Legs and more, the show is built around the songs audiences came to hear.

The band commits to the visual personality of ZZ Top without turning the performance into parody.

This is a rock concert first.

## THE BAND

Chris Colepaugh - Guitar · Vocals

Darrell Chapman - Bass · Vocals

Pat Browne - Drums

## PERFORMANCE

60 to 90-minute concert · Three-piece band · Fully live

## EXPERIENCE BEHIND THE SHOW

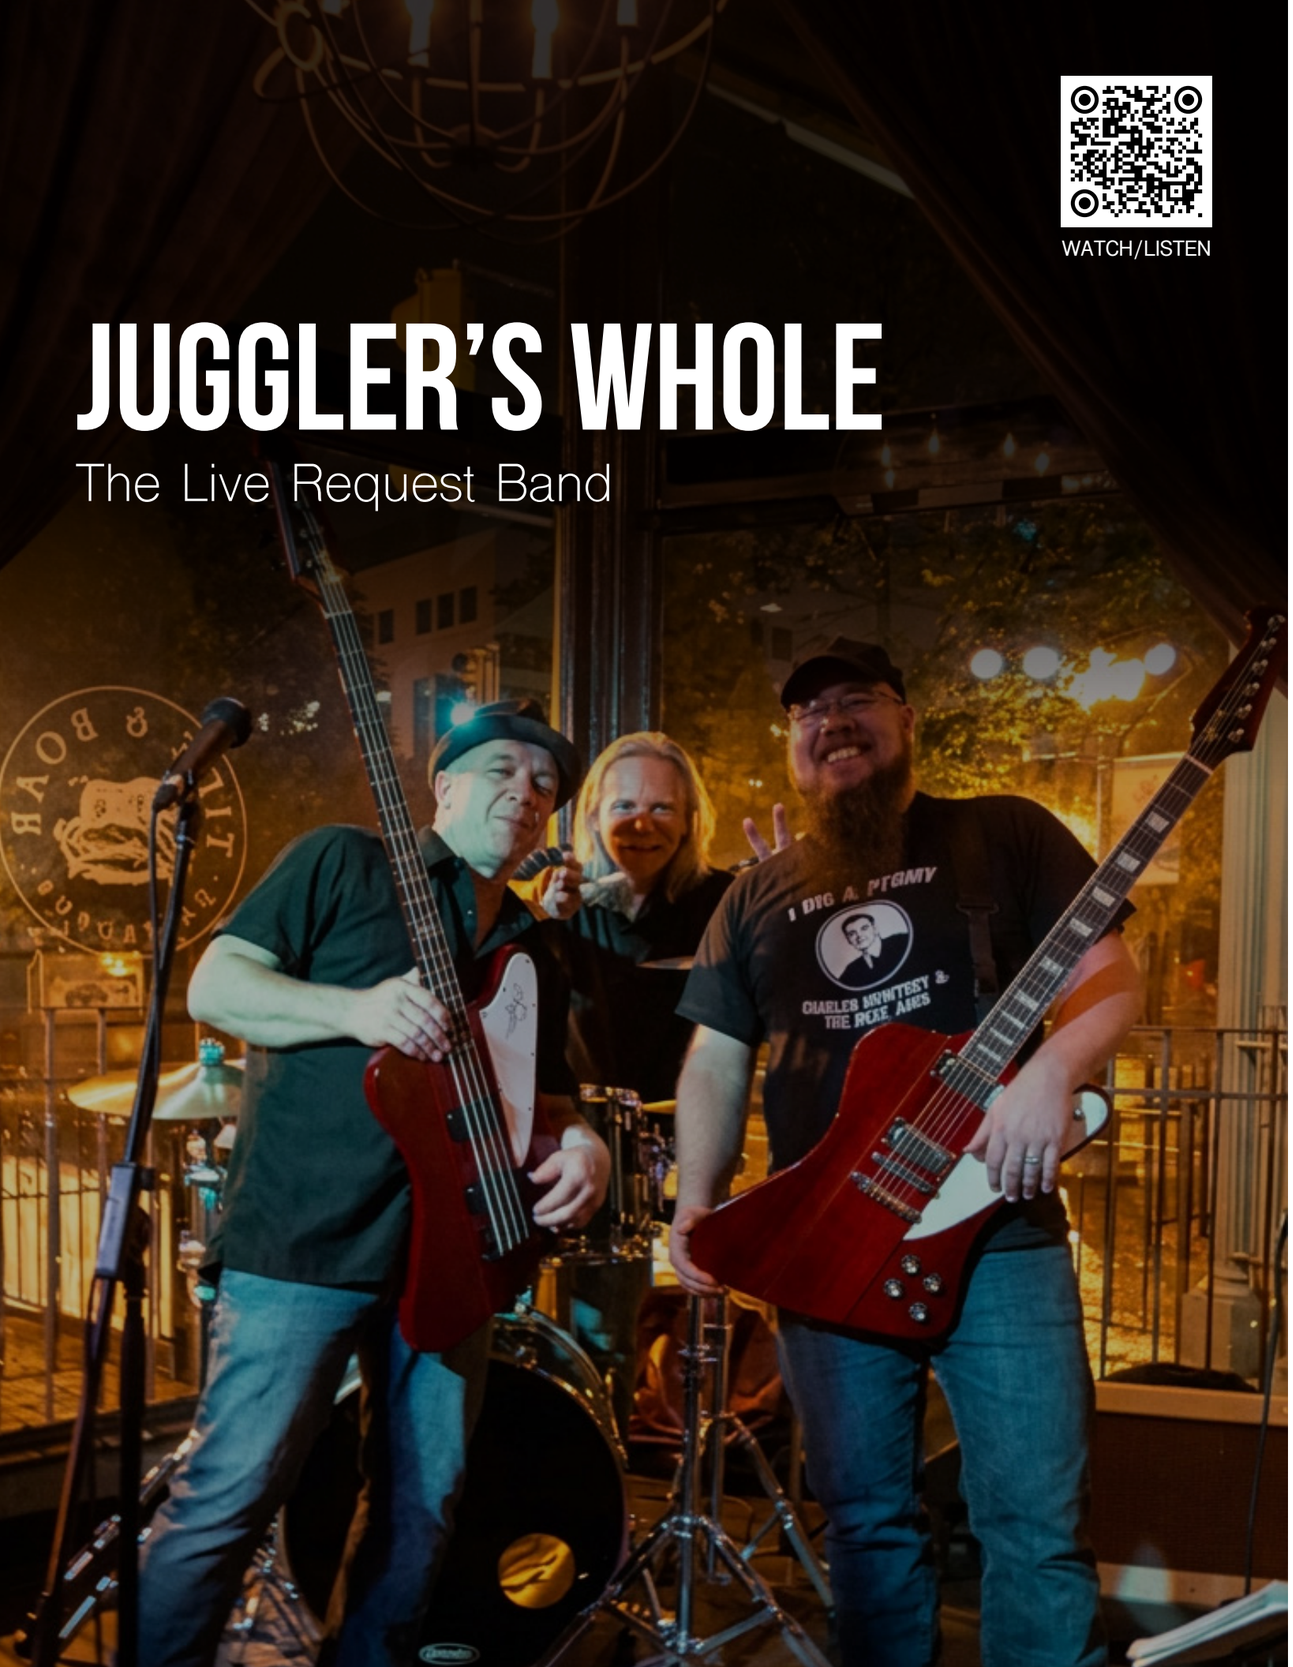

Thunderbird may focus on one legendary catalogue, but the musicians behind it bring decades of live performance experience to the stage.

Chris Colepaugh is a multiple East Coast Music Award winner and a 2026 Accredited Professional Artist in New Brunswick.

Thunderbird is built as a complete concert presentation, not simply a collection of ZZ Top covers.

# JUGGLER'S WHOLE

The Live Request Band

# REQUEST SOMETHING. THERE'S A SURPRISINGLY GOOD CHANCE THEY KNOW IT.

Juggler's Whole is what happens when three experienced musicians know far too many songs and decide the audience should help choose the set.

Requests are encouraged directly from the floor throughout the night.

The band listens, negotiates briefly amongst themselves, and attempts as many as possible.

Because their shared catalogue stretches across generations and genres, one performance might move from The Beatles and The Rolling Stones to Hendrix, ABBA, Neil Diamond and Chappell Roan.

The next one probably won't.

## THE BAND

Chris Colepaugh - Guitar · Vocals

Darrell Chapman - Bass · Vocals

Pat Browne - Drums

## PERFORMANCE

Up to 3 hours · Fully live · Audience requests encouraged · Repertoire adapts to the event and crowd

## SELECT PERFORMANCES

Atlantic Nationals Friday Night Street Party (2024), Opening the evening leading into The Northern Pikes, Moncton Wildcats Community Celebration (2025), Presented by the City of Moncton at the Avenir Centre, Moncton Ribfest (2026), Select venues and corporate events throughout the year

## WHY THE REQUESTS WORK

- The format depends on musicians who can listen, adapt and build songs together in real time.
- No backing-track trickery.
- No giant predetermined request menu.
- Someone asks.
- They confer.
- And sometimes something wonderfully ridiculous happens.

# CHRIS COLEPAUGH

Solo & Small-Format Performances

# ONE MUSICIAN.
# A LOT OF WAYS TO ENJOY.

Singer, guitarist and veteran performer Chris Colepaugh brings three decades of live experience to performances shaped around the room rather than forcing the room to fit the show.

Some events need an artist people stop and watch. Others need music that changes the atmosphere without taking over it. Chris does both seamlessly.

## LIVE & UNPLUGGED

Guitar and vocals with a broad repertoire of familiar songs, classics, and original music.

## MATERIAL

All covers, all original, or a blend. Your choice.

## INSTRUMENTAL

Recognizable songs reimagined for guitar.

Ideal for cocktail hours, dinners, receptions, networking events, conferences and spaces where the music should add character without demanding the room's full attention.

Expect familiar classics, rock and pop, including the occasional instrumental Black Sabbath song hiding in plain sight.

## HOLIDAY

Traditional and secular Christmas repertoire for receptions, dinners, community celebrations and seasonal events.

## CONFIGURATION

Chris may perform solo or with an additional musician depending on the event.

Up to 3 hours

# CHRIS + LAVINIA

Two Voices. Guitar. Cello.

# FAMILIAR SONGS. UNEXPECTED CHOICES. COMPLETELY LIVE.

Chris Colepaugh and Lavinia Colepaugh bring an unusually broad musical vocabulary to a stripped-back live duo.

Their repertoire moves comfortably across generations and genres; The Everly Brothers can sit beside Tears for Fears. Mickey & Sylvia can share a set with Daughters of Eve. Original Chris Colepaugh songs can appear beside music that predates both performers' lives.

The common thread isn't genre or era, but arrangement, musicianship and two performers listening closely to one another.

## ECLECTIC CONCERT

Classics, unexpected favourites and original music rearranged for guitar, cello and two voices.

## CHRISTMAS

Traditional and secular Christmas music presented as a warm, fully live seasonal concert.

## FORMAT

Guitar · Cello · Two voices · Completely live · Up to 90 minutes

## RECENT PERFORMANCES

Harvest Music Festival, Fredericton (2026)

Garrison Night Market / Officers' Square, Fredericton (2026)

United by Song, Capitol Theatre, Moncton

## AUDIENCE REACTION
